Verse 1

Australia, this is where I want to be to grow up
So you and you and you come on stick around
Clap you hands, stomp the ground
Feel the beat rising - Feel it now

Pre chorus

So you know how it goes
So take it slow

Chorus

Diversity - Just you and me
with my community
Australia sing a long
Diversity - Just you and me
with my community
Australia sing a long

Verse 2

Australia I laugh and cry
About it
Because of memories
My first step my first words
my first cheers my first tears
and everything results to this
Australia - you make me smile
